AHMED ELSHENAWY

JUNIOR MEAR STACK DEVELOPER

I am looking to apply for a job. I have trained in programming and implemented simple projects and ideas using React and also using MongoDB databases. I work daily with React and MongoDB databases to develop a number of technical projects and tasks. I am familiar with all the programming languages available to me, especially in the field of Mern Stack. I am organized and detail oriented . I am an all-round communicator and work well as part of a team as well as being able to self-direct. It would be a pleasure to be able to learn more and practice my skills with you

THANK YOUS FOR YOUR TIME AND I LOOK FORWARD TO SPEAKING WITH YOU
